Republic can handle it as long as there are no free liquids present. As soon as free liquids are present a D002 is applied and Blue Ridge can no longer accept this waste.

Beth:

This depends on the cost. Can you check with Republic to see about Lime? Who knows, they may be able to take it.

thanks

Demita doesn't think Lonestar will have a use for the Lime Slurry but she will ask again at their Monday morning meeting. I will move forward with profiling it into US Ecology. I just need to know if it's TCEQ waste or EPA waste.
